HDMI to VGA Active Adapter Cable, Black, 1920x1080 @ 60Hz

Plugable Technologies HDMI-VGA video cable adapter HDMI Type A (Standard) VGA (D-Sub) Black:

Plugable's HDMI to VGA cable connects your HDMI capable computer to a VGA monitor, projector, or other display device. The robust flat cable prevents tangling and can easily be tucked away behind your display and computer.

Our cable's CH7101A Digital to Analog chipset converts from the source's digital HDMI signal to an analog VGA signal both business class displays without a HDMI input, as well as older monitors with only a VGA connection. This conversion is performed inline without any external convert boxes or power sources necessary.
