Epson S450423 large format media 30.5 m Lustre:

Wedding, portrait and school photographers have traditionally used luster paper for their photos. Now Epson offers this popular surface paper, Premium Luster Photo Paper, to digital printmakers. This instant drying paper produces vivid, lifelike images that rival those of traditional silver halide prints. Premium Luster Photo Paper delivers highly saturated prints by offering maximum ink coverage and a high D-Max for true photographic reproductions. Its 10-mil RC base gives prints a photographic feel, and keeps the paper cockle-free. Ideal for use with all Epson Inks.
